

## GY 3-7 source

First picture, upper panel: continuum maps

First picture, bottom panel: line fitting at the centre of emission

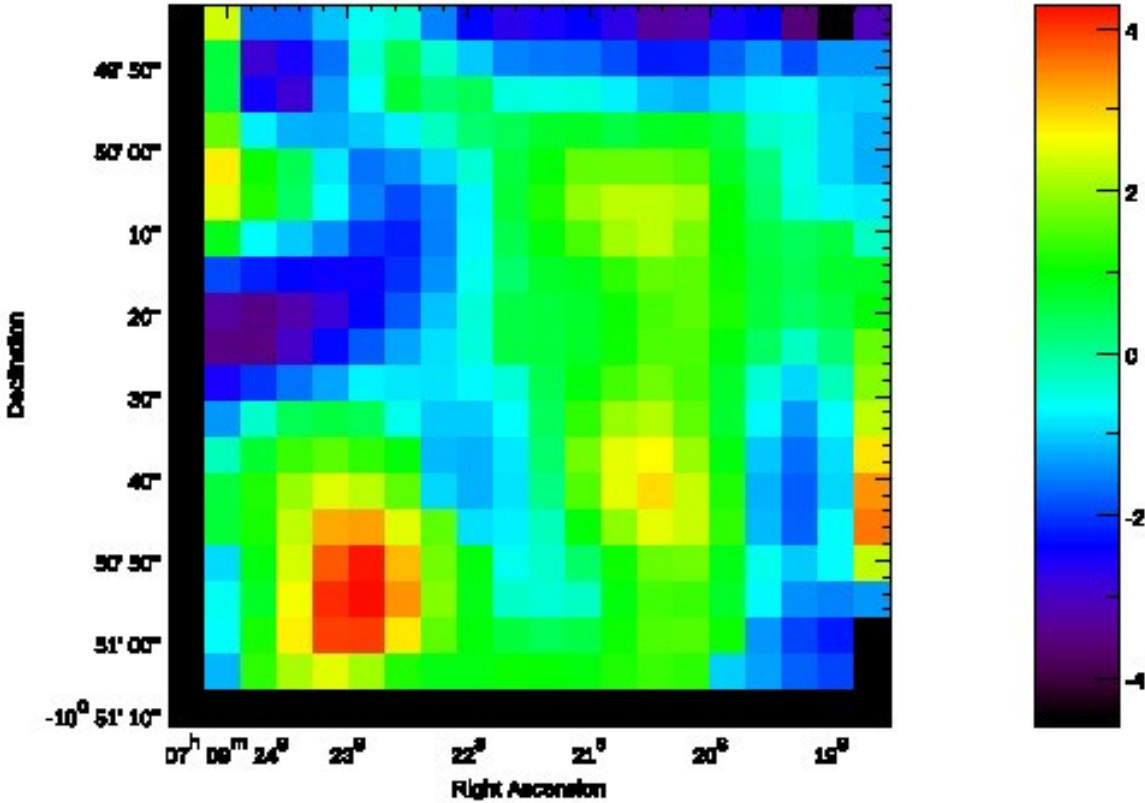

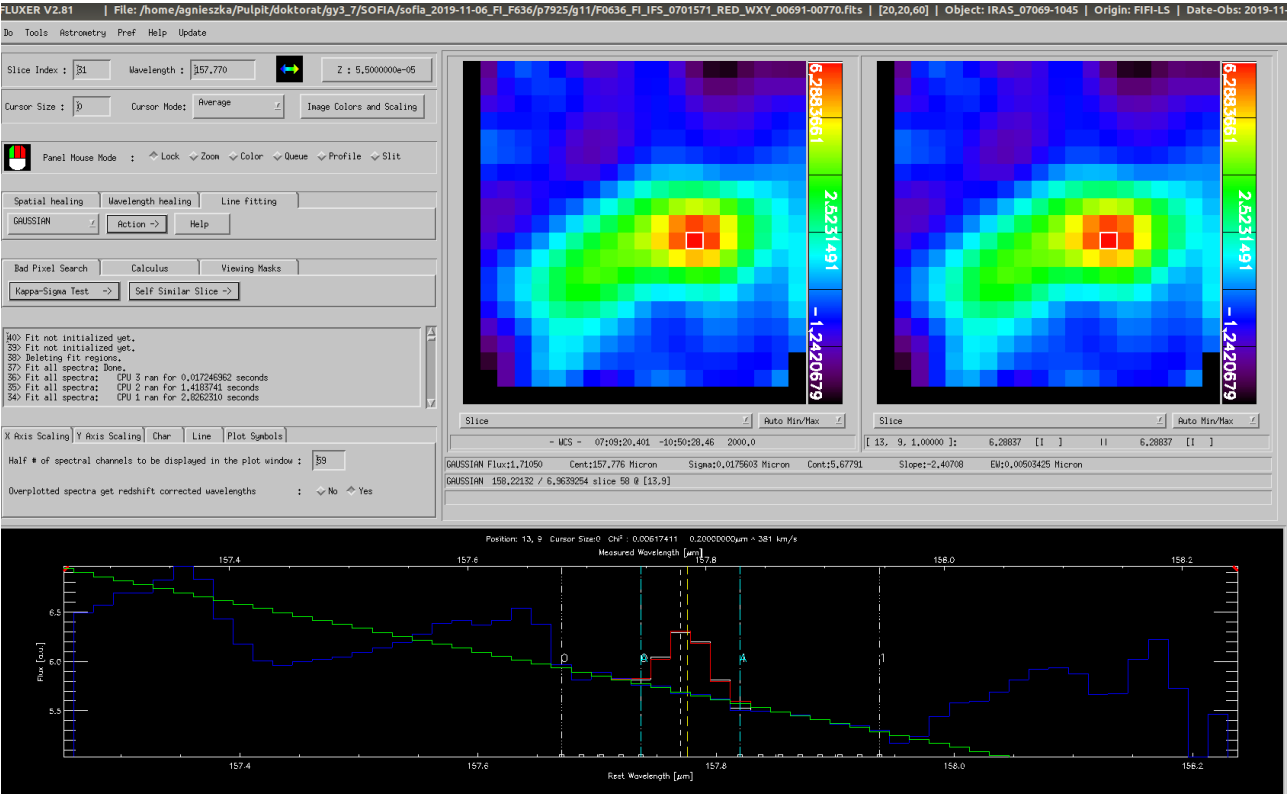

Second picture: flux map

### OI line

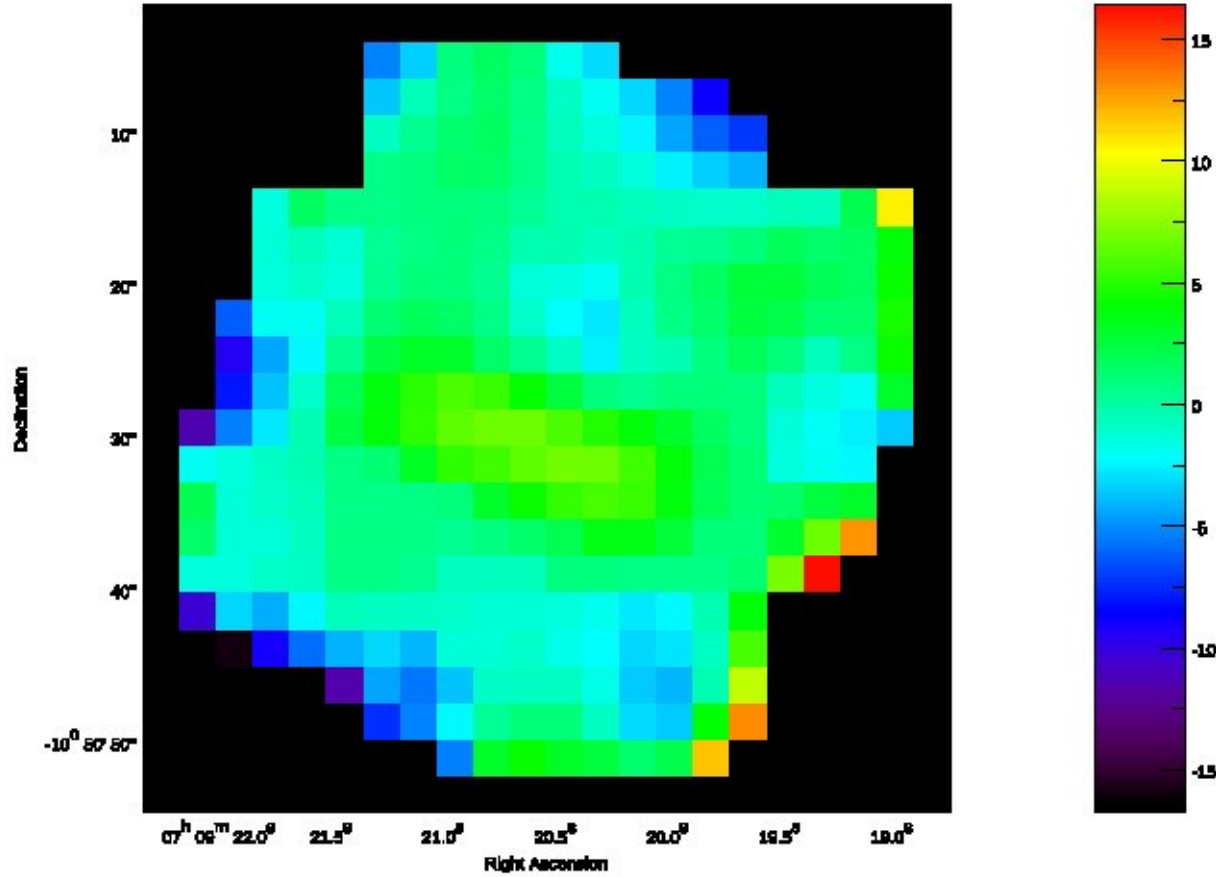

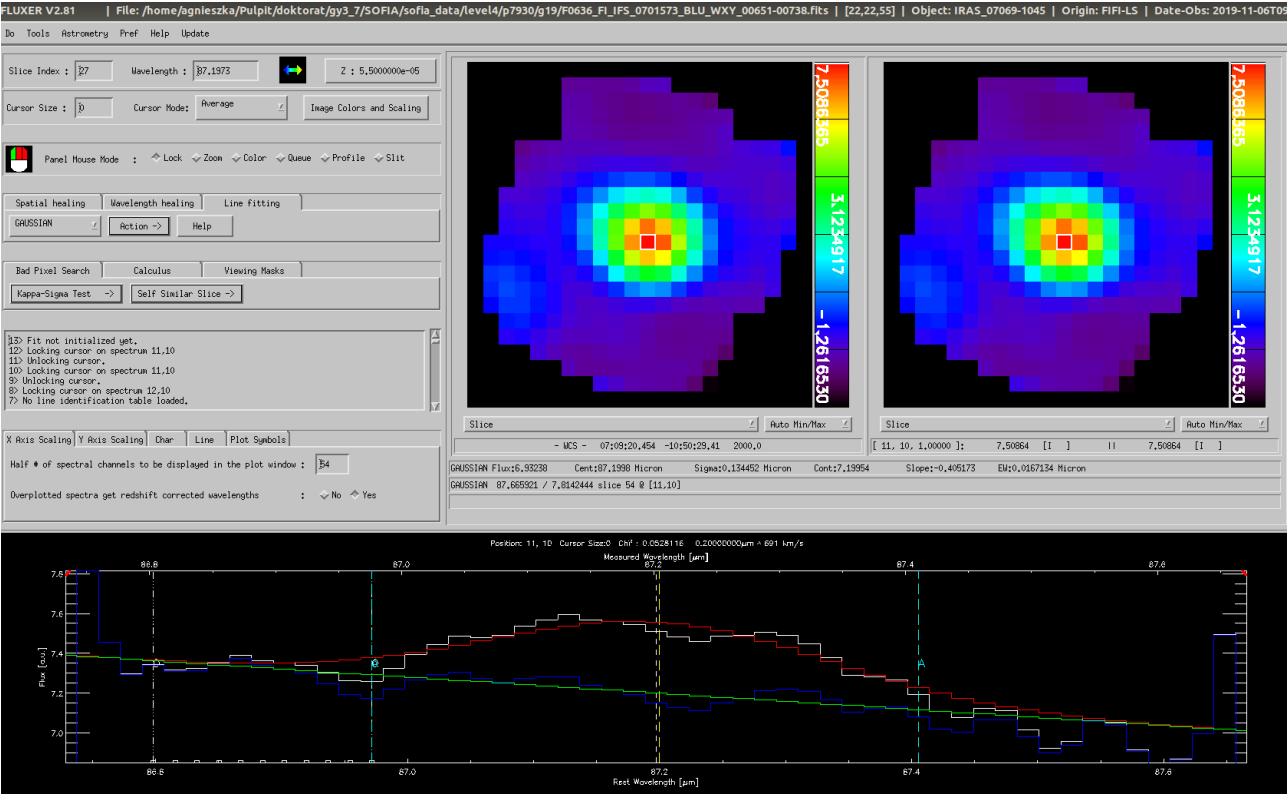

no fitting → too close to a telluric line → another telluric lines correction needed

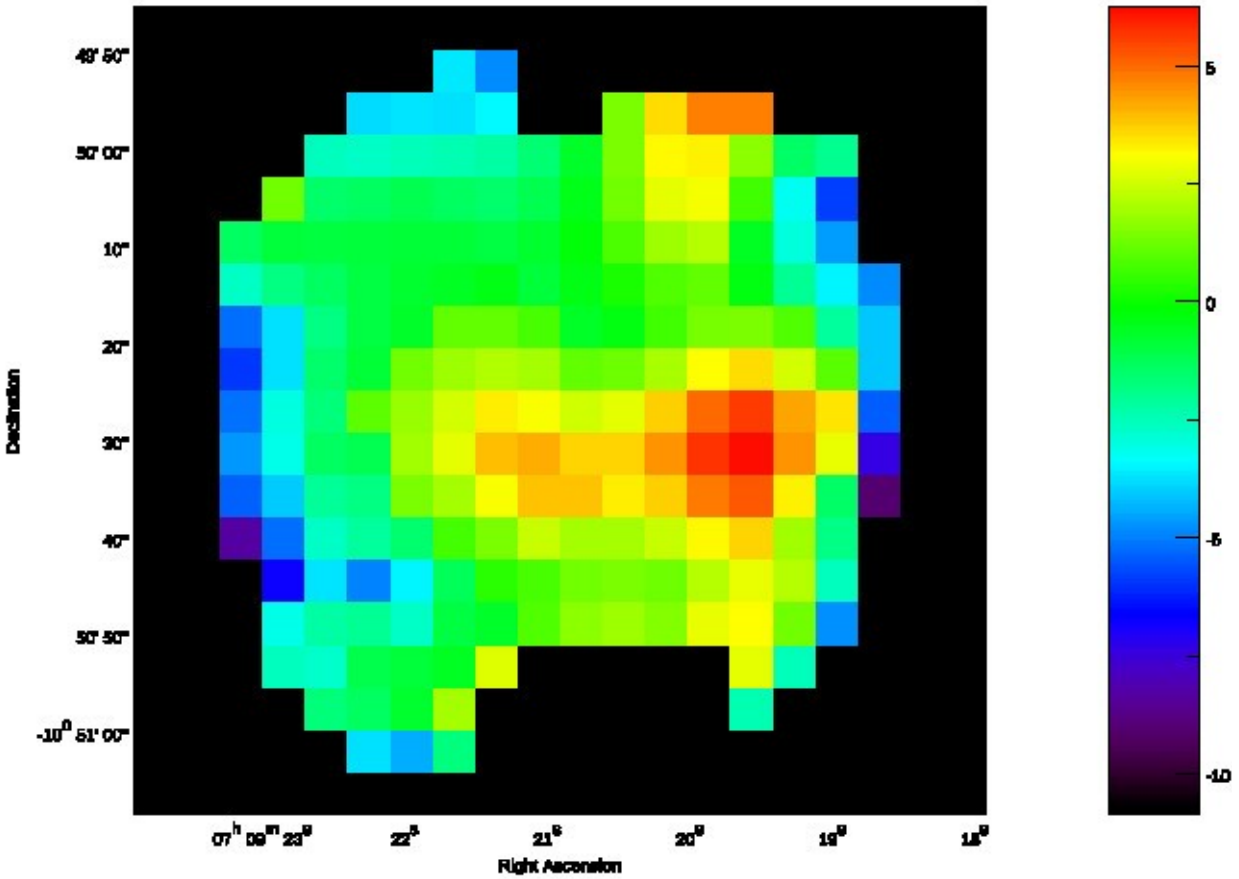

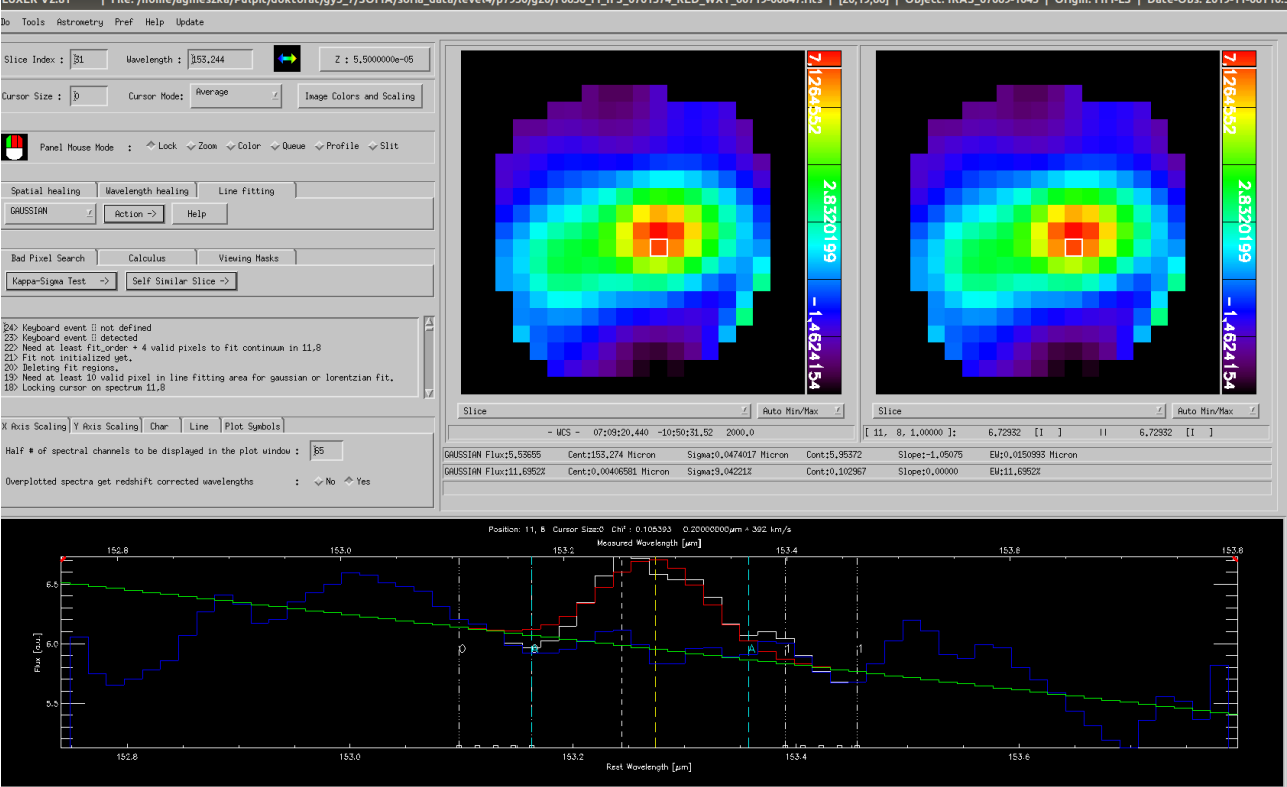

C+ line

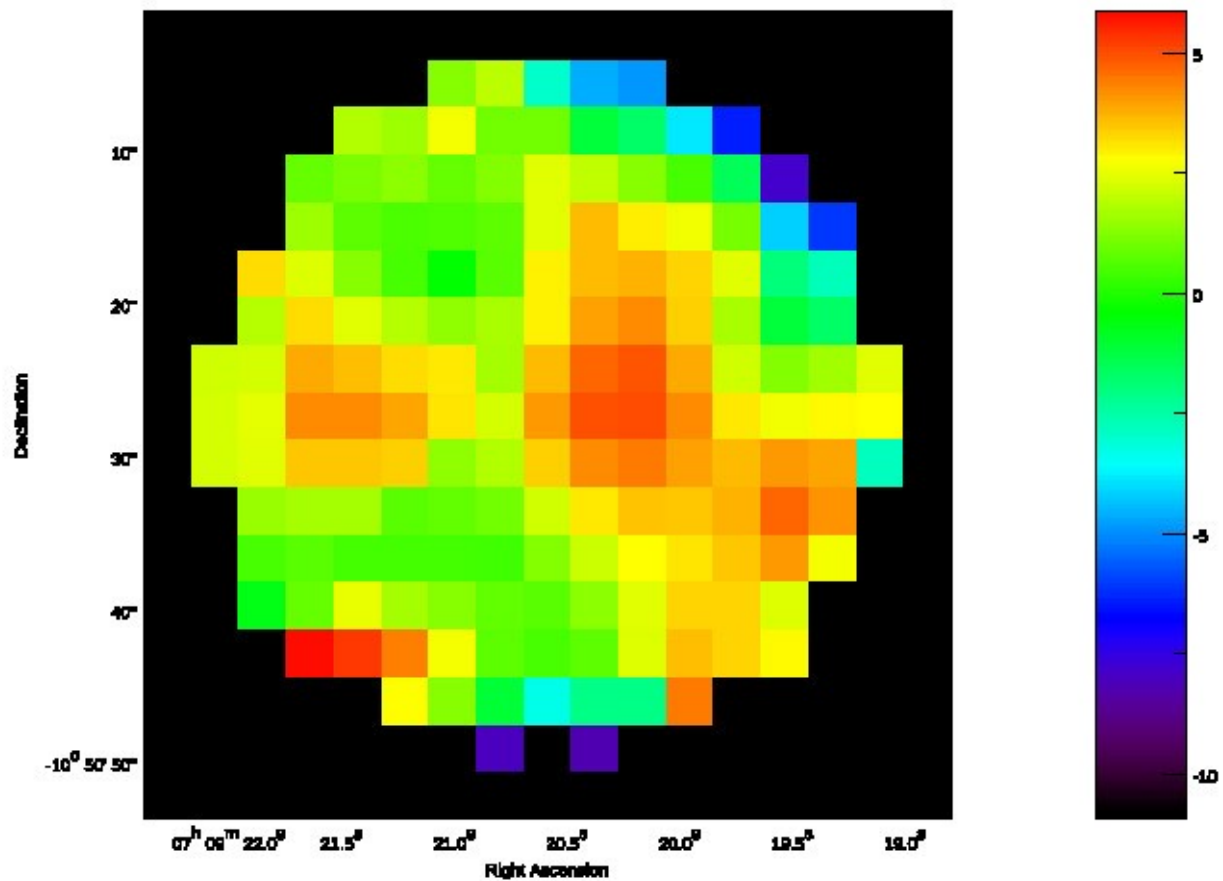

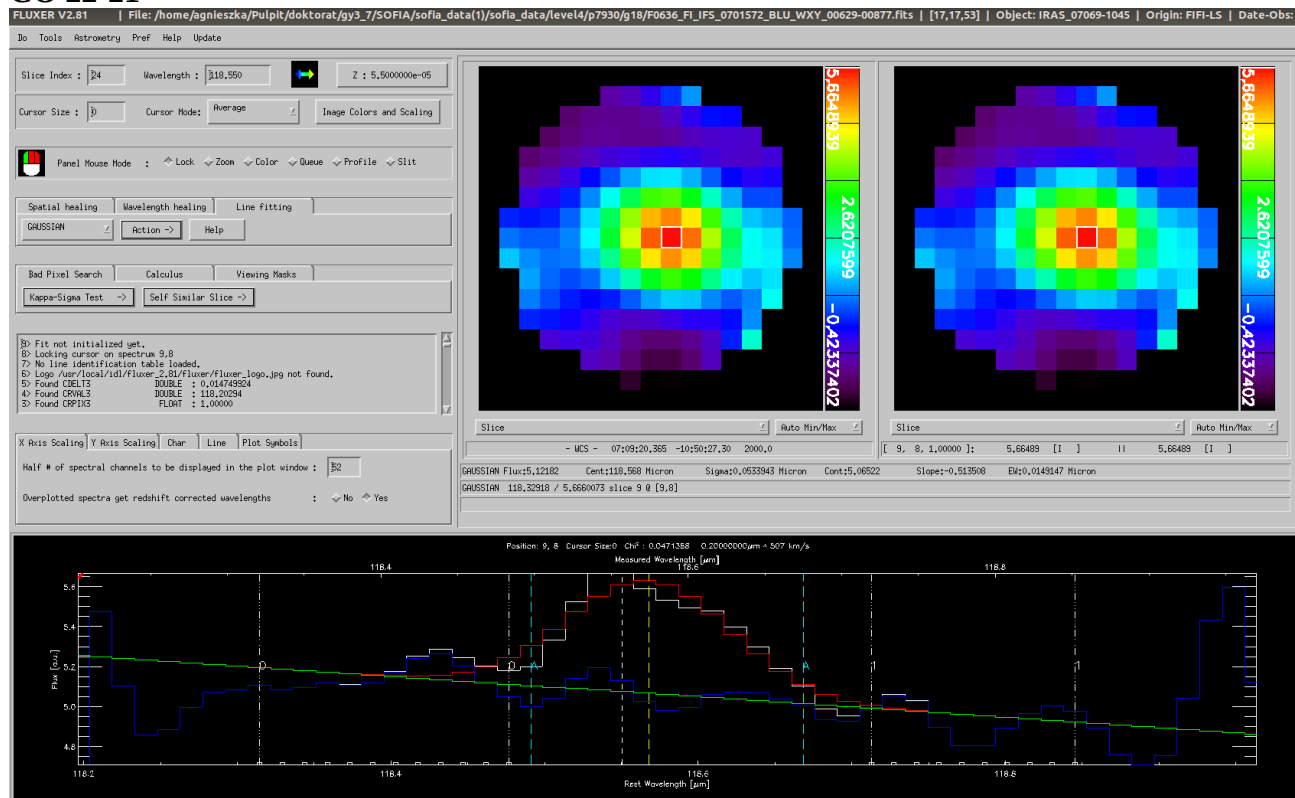

CO 30-29 line

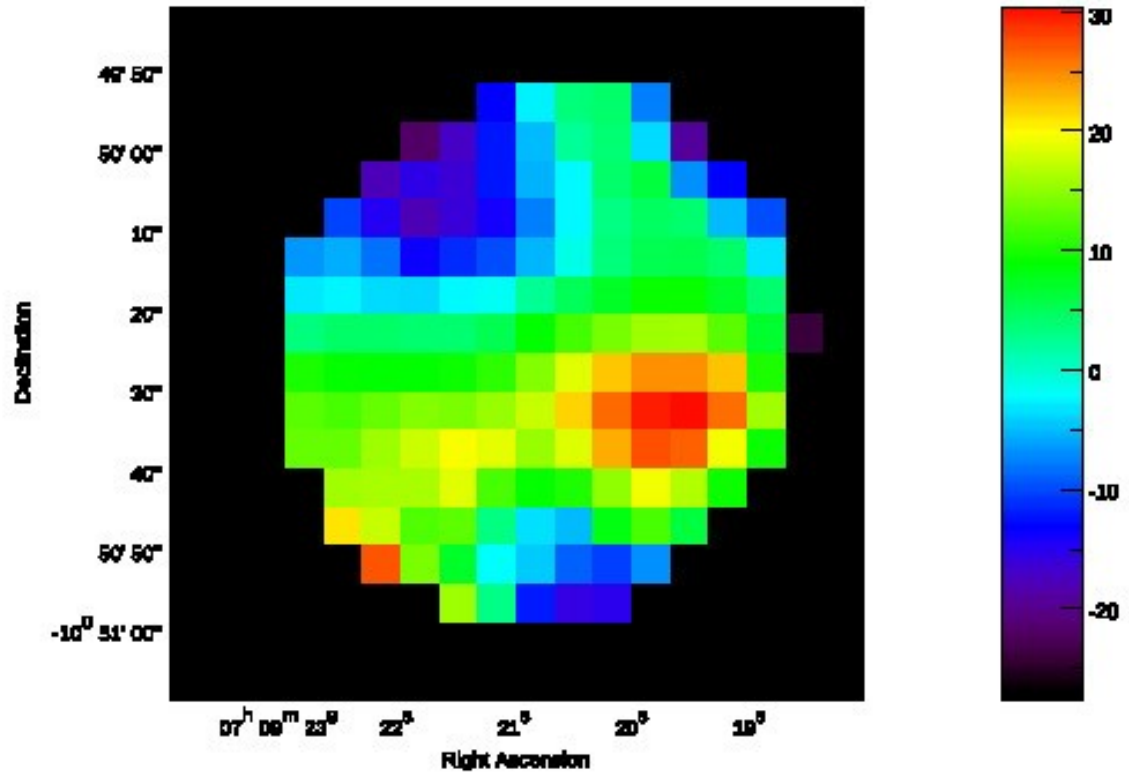

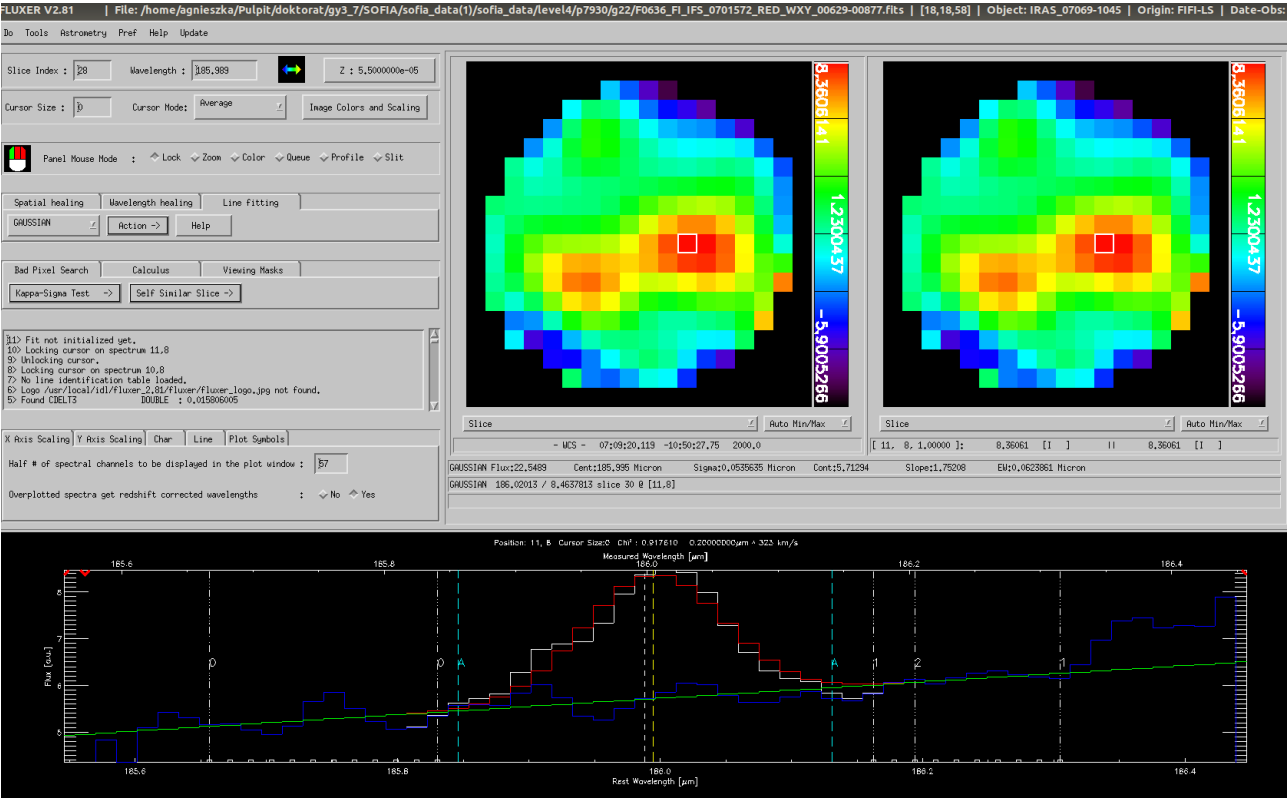

CO 17-16

# CO 22-21

CO 14-13

CO 16-15
